We are against you increasing the traffic at this track for smoother flow and increased profitability without investing money in building bridges that will continue the nice flow of traffic we have now. Creating ease in Chicago but no one has cleared this area up it is an eye sore and it is not safe for children in the area so money needs to be spent to fix that if not we don't want this.

Tripping # of trains also means increased sound money must be invested there too. Invest the money to fix these issues but it if not we won't support this.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
