Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date:

Comments must be submitted by September 30, 2008.

As a teacher I am aware of
the more than 800 bus crossings of tracks
that the school buses make in Barrington.
More trains will cause the buses to have
to wait an extremely long time. This will
have a detrimental effect on the education
of the children.

Also, all emergency vehicles must
cross the tracks to get to the hospital.
There is NO WAY to go around the
village without crossing the tracks.

The traffic back up because of the
trains would make life not only
difficult but increase the anger of drivers
causing safety violations.

YOUR INPUT IS IMPORTANT!
