Dear STB,

I live by the EJE railroad line right off of Shoe Factory Road. We have a nice, quiet family neighborhood with lots of children. Our primary road is Shoe Factory Road. Currently, I get stopped by a train maybe once every 3 months. I have 4 children & have to drive a great deal for activities. Please do not make our neighborhood a place of endless noise, pollution and traffic jams. We have already had one death of a neighborhood child this year due to the train, please do not increase this statistic. I hear that the train will be carrying a great deal more of toxic cargo. Please the train line is right next to our neighborhood & will devastate our house value. Please do not destroy this whole area.
