Please take a deeper look at what the increase
railroad traffic will do to our community.
BHS is very close to the tracks. This is a danger
to our children. We listened to the pros & cons
& come up with a greater loss. This will create
to our community. Stop this action for the possible
disaster. This increase railroad traffic
will create for Barrington. Listen to the
people of the community before approval
of the CNRC. Perhaps there is a better
solution?
