Properties along the route current are near lakes that have enviornmentally protected birds and fish, as well as wildlife, deer, fox, coyote that roam the area along Hawley Woods Road/HAWLEY LAKE. - a Barrington Hills Area that would be inpacted.

OSCHA & The Enviornmental Protection Agency should be contacted to preverse and give input concerning this area. IF so many trains were to suddenly be utilizing the track - a protective concrete wall barrier should be placed to protect said Hawley Lake species. (Hawley Woods Road/Otis Road Crossing Area) and any housing close to said trailroad tracks.

BARRINGTON HILLS PROPERTY - OTIS ROAD, HAWLEY WOODS ROAD, DUNDEE (Rt.68)
The abundance of trains would, train whistles, noise, and vibration would adversely and clearly disturb the houses that are located close to the tracks, and bus routes, and traffic would be stalled and delayed in transporting the many children that attend Barrington Schools, Countryside School, Barrington High School, and both Station and Prairie Middle Schools.
