I am a home owner in the Aurora/Naperville Western Suburbs of Chicago. I am very concerned about the potential increase in train traffic resulting from the purchase of the EJ&E Railroad by the Canadian National Railroad (CN).

Traffic congestion is already a problem and an increase in train traffic could paralyze the roads in this area. Additionally my home is about 1/4 mile from the tracks and the noise is substantial. This is a great concern for myself and all of the homeowners in this Pleasant Creek Sub-division.

I am receiving literature stating that train traffic will increase from present state by an additional 15-45 trains per day. This is simply unacceptable! Quiet zones and traffic congestion must be recognized.

Please put an end to this potential threat and negative impact to my home and our community - this is EXTREMELY
