Email Address:\*

Comments:

We need an Environmental Impact Statement because:

Removing dirt from an area this large would take a long time - I have asthma related to allergies and am sure this will add to the already polluted air which would affect my condition. I want to know how much contamination is up there? What kind of contamination and how it will be contained. I would also want to know how to contact any agency that will be responsible for containing the pollution from our already high polluted air. NJ ranks among one of the top in the nation. The heavy traffic from the turnpike and tunnel already is an issue. What will more traffic and auto emissions do to my lungs and others

\* REQUIRED FIELDS

Karey Dembowski

I authorize the Embankment Preservation Coalition to file this comment with the Surface Transportation Board.
