Subject: Complete Archive Search: Norfolk Southern Rail line near Troutville

Dear Mr. Wimbish,

You submitted a request for the Department of Historic Resources' staff to conduct a search of its archives for information on previously recorded historic resources within the area of potential effect for the Norfolk Southern Rail Line near Troutville project. I have completed the search, and the results of that search have been transmitted to you via our

VITAShare file transfer (FTP) site. You will receive an e-mail directly from the VITAShare site. The e-mail includes a link to the search results materials, along with a cover letter and an invoice for the completion of this service. These files will remain posted for two weeks, so please download them prior to March 11, 2014. If you have not received an e-mail from VITAShare, please check your spam folder.

Let me know if I may be of further assistance.
