Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: Aug 27, 2008

Comments must be submitted by September 30, 2008.

I Believe the Acquisition of the EJ&E
by CN will severely threaten the safety
and health of the community members
in Barrington.

With the dramatic increase in
freight traffic our children are at
great risk with hundreds of buses
crossing train tracks with thousands
of children every day. There are bound
to be accidents - my children are not safe

Our ambulances and police will not
be able to service this community
and people will die as a result of
slow response times due to TRAIN
TRAFFIC. DO NOT let this happen!

What is being transported in these
trains? What occurs if there are
accidents with toxic wastes - more
deaths in the community.

Please take responsibility for this
decision and recognize that BIG
Business should never profit
at the expense of human life
Our children - our community is at great

YOUR INPUT IS IMPORTANT!
