

To whom it May Concern:

As a lifelong resident of Winnebago County, Illinois, I am writing to oppose the Great Lake Basin Railroad going thru Winnebago County. People can not have their land taken away to make higher profits for Corporations or big businesses.

This proposed railroad would disrupt farms, families, roads, small businesses, and the general public of Winnebago County.

I am retired. I have never held a government job or political office. I am a veteran, registered voter, and taxpayer.

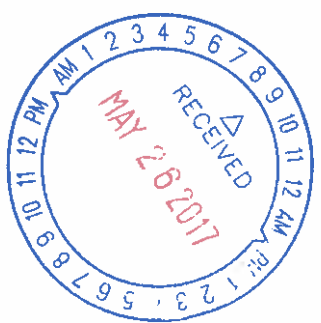

I know many people, none of which are in favor of this railroad.
