Transcript:

I'd like to comment on the purchase of the CNN, CN purchase of the EG&E, how I am for it. I think not only is it good for a lot of the other communities in the Chicago area, but it's also good for the country, moving freight through the midwest a lot faster will help our economy and reduce pollution in a lot of areas. So, I'm for it. Please, approve the CN purchase of the EG&E. Thank you
