I am very upset that this sale is being proposed which will increase the amount of trains. We already had a reduced quality of life with the existing 8 trains since our home is in the Stone Creek subdivision very close to the tracks & the trains passing make our home vibrate everytime it passes. If the sale goes through, then there will be double the amount of trains & we cannot live a peaceful life. Our children already wake up in the middle of the night to the existing trains & I can't imagine what will happen if the amount of trains is increased. Our kids will never sleep peacefully & get the required amount of rest. Please please don't let this sale go through for our children's health & sanity!
