Message:

I strongle oppose the CN RR to purchase the E & J RR. I live 200 feet from the railroad on the south side of it which will cause trouble for emergency vehicles getting through, children going to school, plus the bad contents the train will be transporting and the children (which are many would have to breathe this bad stuff. My property values will go down and WHY SHOULD THE TAXPAYERS FOOT THE BILL). With the costs of oil and electric, people are scraping to get by now.
Leave our community the way it is. Its growing and a nice place to live.
