Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date:

2/28/08

Comments must be submitted by September 30, 2008.

I am very concerned with
CN acquiring the tracks because
of

- ① Increased time to get to the hospital and for emergency response teams.
- ② Increase commute time for students to get to schools.
- ③ Increase in pollution with more rail traffic as well as standing cars.

It will shut down our town because of the number of tracks that cross our town. There will be a huge loss of businesses, our property values will definitely decrease. This cannot be a decision that considers the welfare of our citizens and town. Please consider the safety and welfare of our families. We are U.S. citizens! Thank you.

YOUR INPUT IS IMPORTANT!
