Part of
Public Record

Please provide any comments on the DM&E Powder River Basin Expansion Project Draft EIS.

I am against raising the number of
trains through Rochester.

The railroads sold their property surrounding
the tracks many years ago and now
they should not be allowed to increase
or double train traffic.

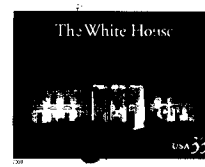

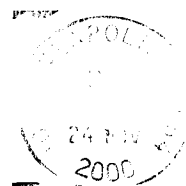

To raise the amount of traffic by
10 or 20 % would be reasonable but
to raise it by 100 % is not realistic.

It should also be reversed when coal is
not needed in 5 years.

Dick K
