How will CN's proposed acquisition of the EJ&E impact you?

For the town of Barrington, there are big
worries about life safety, school buses, and
traffic congestion.

For my neighborhood, Jewel Park, a community
of 91 homes, there are also safety, traffic and
noise concerns. We have a large park
just built connected to Cuba Marsh Forest Preserve.
The 100+ children walk to this park and have
to cross the EJ&E tracks.

To those who say 80 towns will be
positively impacted, I would say
that the infrastructure in those towns
was built many years ago (overpasses, underpasses,
etc...)
