Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

Why should we be subjected to many hardships that increased rail traffic through Barrington will cause when all the spoils will go to Canada. The safety issue, access to the hospital, fire trucks, noise, and traffic tie ups are placed in our community's lap and we are left to deal with the fallout. CN presence is not found as a co partner in looking at consequences, but as an unapproachable steam roller fattening their coffers.
