□

1 MR. BRETT: My name is Carter Brett
Page 1

2 and I'm from Barrington, Illinois, and my
3 question is simple. I currently live in a
4 house which might be the closest house in
5 all of Barrington to the freight tracks.
6 I'm currently living in a house that
7 experiences a decibel rating of 65. What
8 they're not telling me right now is what is
9 the new decibel rating going to be. If
10 it's at 65 now with 5.3 trains coming
11 through which can be anywhere from just a
12 train engine coming through to maybe 20
13 cars at most, how is the decibel rating and
14 how high can it get if 200 double-decker
15 freight trains are rolling through behind
16 my house? That is something I'm not
17 seeing, and I think that they should know
18 what that is and they should be able to
19 tell me what that is. How was that not
20 included in the study, and why am I not
21 seeing the results.

22 (End of statement.)
