I will be impacted in several ways directly

1. Delay in getting to train, Matve, to get to work daily
2. Delay in picking up my children from school which will cost me \$.
3. Delay in dropping off children to school on time
4. Delay in (moving) children activities on other side of tracks

I will be impacted in other ways as well

1. Barrington stores will lose business and fold - economic impact to me.
2. Real Estate values will go down; economic impact to me.
3. May need to move market to go to work on time and drop children to school. Expense in moving and sale of home in a very slow, decreased real estate market, economic impact to me.
