Surface Transportation Board:

I appreciate your informational
publications sent to me.

I try to keep up on the news
media information published in
Tweed Falls + Brookings & S.

Every writing upsets me - there's
no reason for their stopping your
progress for the betterment of everyone.

Now they engaged Dauble and
Jonkba both in resentment for being
replaced as a U.S. Senator + S.D. Gov.
Brookings knew they bought their
living lots close to the railroad - +
they seem to take advantage of the rail
roads right of way area too. Hope
you have them settled, or do you?

Am sending some recent articles
from the 2 newspapers. For all the money
wasted on people's stubbornness - + time,
You could of had the railway well on
its way. Wishing you Success. Lillian
DeBor
