Message: I have to object to the C/N EJ&E merger that will effect traffic patterns in the effected areas. The towns of Griffith and Highland Indiana will be cut off from emergency responses and will create very large traffic jams and an increase in people trying to beat lengthy trains, resulting in fatalities. The railroads must improve grade level crossings and or build over passes in these communities.

I also object on the grounds of the Dubai World Ports example. Foreign ownership of such vital assets such as railroads must not be allowed.

Thank you,

Christopher Benjamin
