You don't often get email from swhitehurst@crt.la.gov. [Learn why this is important](#)

Hi Kelsey,

Just checking in to let you know that we will wait until more detailed plans are available before offering any comments.

Thank you,

Sadie

Subject: RE: FD 36633: Agency Consultation Letter

Good morning Kelsey,

I hope you are doing well today. Could you please provide more detailed construction and design plans?

Additionally, please provide a determination of effect to historic properties that we may concur or not concur with. Under Section 106, it is the responsibility of the federal agency or its designee to identify all structures listed or eligible for listing in the National Register of Historic Places within and adjacent to the area of potential effects (APE) ([36 CFR 800.4](#)).

Thank you for your help,
Sadie

Subject: FD 36633: Agency Consultation Letter

Dear Agency Representative:

Plaquemines Port Harbor and Terminal District (PPHTD) is planning to seek authority from the Surface Transportation Board (Board) to construct and operate approximately 10 miles of new rail line in Plaquemines Parish, Louisiana (the Line). The Line would be part of PPHTD's New Orleans & Gulf Coast Railroad Mainline Extension Project .

Please find attached a letter from the Board's Office of Environmental Analysis (OEA) describing the project and initiating consultation with your agency, as well as a project location map, study area map, and distribution list.

Thank you,

Please note this email is being sent by Freese and Nichols, Inc. on behalf of OEA.
