### Transcript:

I'm calling to state that I begin my comments by saying I'm absolutely opposed to the uh railway proposed railway deal coming through Barrington. Um, first and foremost, due to safety reasons, uh there have been several large um uh train crashes involving school buses and school children, uh in Fox River Grove and in Palatine and we absolutely do not want that in Barrington of course and with um a tremendous amount of the increase in traffic in the railway traffic that would certainly um make the situation ripe for another accident. I am absolutely opposed, um as all of us are in the community and the surrounding communities to this deal. It creates a high amount of danger and congestion amongst many other things, um not to mention environmental hazards and um overall safety of our children is my first priority and I think it is absolutely horrendous um uh idea and I'm very much opposed to it. Thank you very much. Bye bye
