Dear Ms. Johnson-Ball:

The days of the Railroad robber barons seems to be upon us again, but now it they are from a foreign country to the north. This was not the intent of NAFTA. The days of the What? Me Worry? White House are finally coming to an end. It is time for American Pride to show that we are not going to be bullied by a foreign corporation.

This sale will change the quality and safety of life in Will County and beyond . That We the Taxpaying Public should have to suffer and pay for foreign profiteers is unacceptable. The sale to CN must not happen in any form that does not insure that life quality and safety are not accounted for. We cannot stand by and let the CN dictate to the American people terms of economical and social change.

Thank you.
