Recently Frank Patton of the Great Lakes Basin project has been referring to the residents who's farms and homes would be impacted by his unneeded project as a "fringe of yellors and screamers." This complete lack of professionalism further shows how he is incapable of running a viable business. His contempt and disrespect for all involved is sickening. Perhaps Frank Patton knows more than the Illinois House of Representatives who recently opposed the project in it's entirety. Please issue an immediate no build ruling for this project, that is opposed by the State of Illinois House of Representatives.
