Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

Letting this merger through would have many negitives impacts on the Barrington area.

- increased traffic backup
- traffic cutting through neighborhoods to avoid backup
- response time for emergency vechiles
- pollution
- noise
- a train accident and materials spill
- safety of school children and rail crossings
- economic impact, negitivily on the whole area
- property values decreasing

These are just some of the reason this merger should not happen, but most of all it would significantly alter ~~the~~ our feeling of community by cutting the town in half.

Thank you

Jennifer Janowick
