Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The addition of the proposed freight traffic on
the EJ&E line will cripple the Barrington community.
It will disable our public service and emergency
service capabilities. If CN brings the increased
freight service, they must pay for alternate
access to our thoroughfares to ensure no
disruption to emergency service. Alternate access
includes over pass or underpass or some other option
for traffic to continue to flow through Barrington
road arteries.
