Address	6102 Stafford Street				
Address 2					
City	Plainfield	State	IL	Zip	60586

Transcript:

I received a letter in the mail from our house republican leader Tom Croft, referece the acquisition of the Elgin and Joilet railroad. I live in the area and I just want to call and say that I am opposed to it. The traffic around the Plainfield area is beyond belief how long it takes people to get through, my commute to work already is over an hour, just based on the conjection, when it should probably be 25 minutes. So, adding additional trains that are over 2 miles long would be unacceptable for the people who live in the community. Thank you.
