Message:

Please do not allow Canadian National to purchase EJ&E for the following reasons.

1. They say they won't run additional trains until the environmental review is completed early next year just let them make the purchase. It's all about the purchase. When they get it, we will be a non factor to them, an empty suit.

2. Why would you allow them to tell me to figure out how I am going to come up with the money as a tax payer for mitigation costs for their private business deal that only benefits Canadian National? I work so hard to make a buck and request that it not go to benefit CN.

3. The trains run behind my back yard. I knew this when I moved here and accepted the number that now goes by. Please help me to keep the number of trains the same as it is now.
