Environmental Impact Statement

Scoping Comment for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company STB Finance Docket No. 35087 Comment Form

How Do I Submit Comments?

- **Written Comments:** Complete and submit this form at the public open house scoping meeting, or follow the directions on the reverse side of this sheet to mail your comments.
- **Recorded Comments:** Provide your comments to a member of the project team or court reporter at this public open house scoping meeting, or call the toll-free project information line: 1-800-347-0689.
- **Electronic Comments:** Submit electronic comments by visiting the Surface Transportation Board's website, www.stb.dot.gov, under the heading "E-Filing."

Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

I live in Lakewood Mill Subdivision in Bartlett. The current number of 5 (on average) trains a day at the grade crossing at West Bartlett Rd is a nuisance. The proposed 22.5 trains a day by CN is a safety hazard, health hazard, will increase noise pollution in the area and will lower property values. The nearest hospital to our Subdivision is 14 minutes away. The amount of increased time due to delays by these trains can mean the difference between life and death. The new fire Station being built on the East Side of the tracks will not be close enough to stop my house from burning to the ground if they can't cross the tracks. My 3 young children already breath enough diesel fuel from the construction traffic down West Bartlett and the current freight trains. I am horrified by the possible long term effects of even more diesel fuel.
