Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-09

Comments must be submitted by September 30, 2008.

Please help save our town! The acquisition by Canadian National Railway will negatively impact our town:

- compromise our safety through transport of chemicals
- lower our property values
- increase traffic congestion - shutting down the flow of traffic from all of our major thoroughways
- deter shoppers from downtown Barrington causing businesses to close
- delay emergency vehicles
- increase time for our children to be on the buses + standing waiting

This is not an inconvenience to our town - this will be the death of our town!

The dollars CNR has "budgeted" to build infrastructure are totally unrealistic! They will leave U.S. taxpayers holding the bag. Don't let a foreign company take advantage of us!

YOUR INPUT IS IMPORTANT!
