Dear Board

JUNE 15

The aesthetic beauty of living in the country is beyond mere words. Everyday the sunrises and sunsets are God's glory only! They are not hidden by houses, skyscrapers, railroad trains or railroad tracks. The peace, quiet and serenity of hearing the birds sing during the birds migration filling the skies along the wild down grazing peacefully in the fields and the horses and cows stay the same. If the railroad comes through, all of the former will be altered and destroyed and there will no longer be peace!

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
