RE: STB Finance Docket No. 35087
Canadian National Railway Company and Grand Trunk Corporation - Control - EJ&E
West Company

Dear Ms. Johnson-Ball:

We are seven year residents of Frankfort, Illinois, and will be impacted by the CN purchase of the EJ&E Railroad. We are writing to express our concerns.

We purchased our home knowing that there was a rail line nearby, but we also knew there were only 5 to 10 trains a day. You are proposing to increase the number of trains to 28 per day. That is just too much and I can not believe your Environmental Impact Study does not address exactly how this increase in noise, vibration, pollution and inconvenience these additional trains will bring. Please have the people doing the Study come out and see the proximity of our homes to this Railroad, and hear, see, and smell, what they will be doing to our homes.

Please make sure CN Railroad addresses these issues before approving the sale. We are counting on you to help avoid a tragedy in our community.

Respectfully,

Donald H. Olivieri

Mindy Solomon-Olivieri
