How will CN's proposed acquisition of the EJ&E impact you?

Based upon information available at this time,
I believe that the acquisition would impact me
almost every time I drive my vehicle. It would
have a severe impact upon our existing vehicular
gridlock - especially during rush hours.
It will impact our Fire Dept's ability to
respond to emergencies, will increase noise
and pollution, and change forever, our ability
to travel at reasonable speeds through our
suburban environment.
