The E&J and E tracks cross the major east-west artery through town (Lake-Cook Rd.) and the major North-South artery (Route 59 - Hough St.) at almost the same point. Both are blocked at the same time by a freight on the E&J&E.

The morning rush 6:30-9 am and evening rush hours (4:30-7:00 pm) are already a "parking lot" or "grid-lock" and then when you add 7-8 Metra commuters on the old No. Western tracks, it would be impossible if a freight came through on the E&J and E. So they would have to bunch them up between 9 am and 4 pm which would create an all-day traffic problem.

Please register our voices strongly against the ~~proposed~~ proposed Acquisition.
