Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/2008

Comments must be submitted by September 30, 2008.

I totally oppose the acquisition of
EJ&E by CN for the following
reasons:

1) Public safety would be so greatly
compromised by 20+ trains per day
that at times it would cease to
exist entirely. Ambulance, fire
and police services would frequently
be totally paralyzed.

2) What would begin as 20+ trains
per day would in all likelihood
slowly be increased over the years
to many more and in all of maybe
ten years could easily be 40+
trains.

3) CN has deep pockets. I truly
hope its money does not end up
in the hands of public officials.

YOUR INPUT IS IMPORTANT!
