RE: STB Docket No. FD 36186, Texas Railway Exchange—Construction and Operation—in Galveston County, Texas: **Preliminary Environmental Consultation - Correction**

Dear [Mr. or Mrs. Name];

You have recently received or will shortly receive a letter from my office dated June 15, 2018 requesting preliminary environmental comments on a proposed railroad construction project by Texas Railway Exchange, LLC (TREX) in Galveston, Texas. The letter describes TREX's proposal to construct and operate approximately 2,600 feet of new rail line to serve Texas International Terminals. We have been made aware that there were several errors in the site map that accompanied that letter. We apologize for any inconvenience this may have caused. Please find enclosed a corrected map of the project area.

The Surface Transportation Board (the Board) is the lead federal agency for environmental review of TREX's proposal under the National Environmental Policy Act and related laws. The Board's Office of Environmental Analysis (OEA) will prepare an environmental document (Environmental Assessment or Environmental Impact Statement) that will evaluate the potential environmental impacts of the proposed project and reasonable and feasible alternatives. At this time, OEA is requesting preliminary comments regarding potential environmental issues and impacts that could be associated with the proposed project. We ask that you please submit comments through our website at www.stb.gov or by mail to:

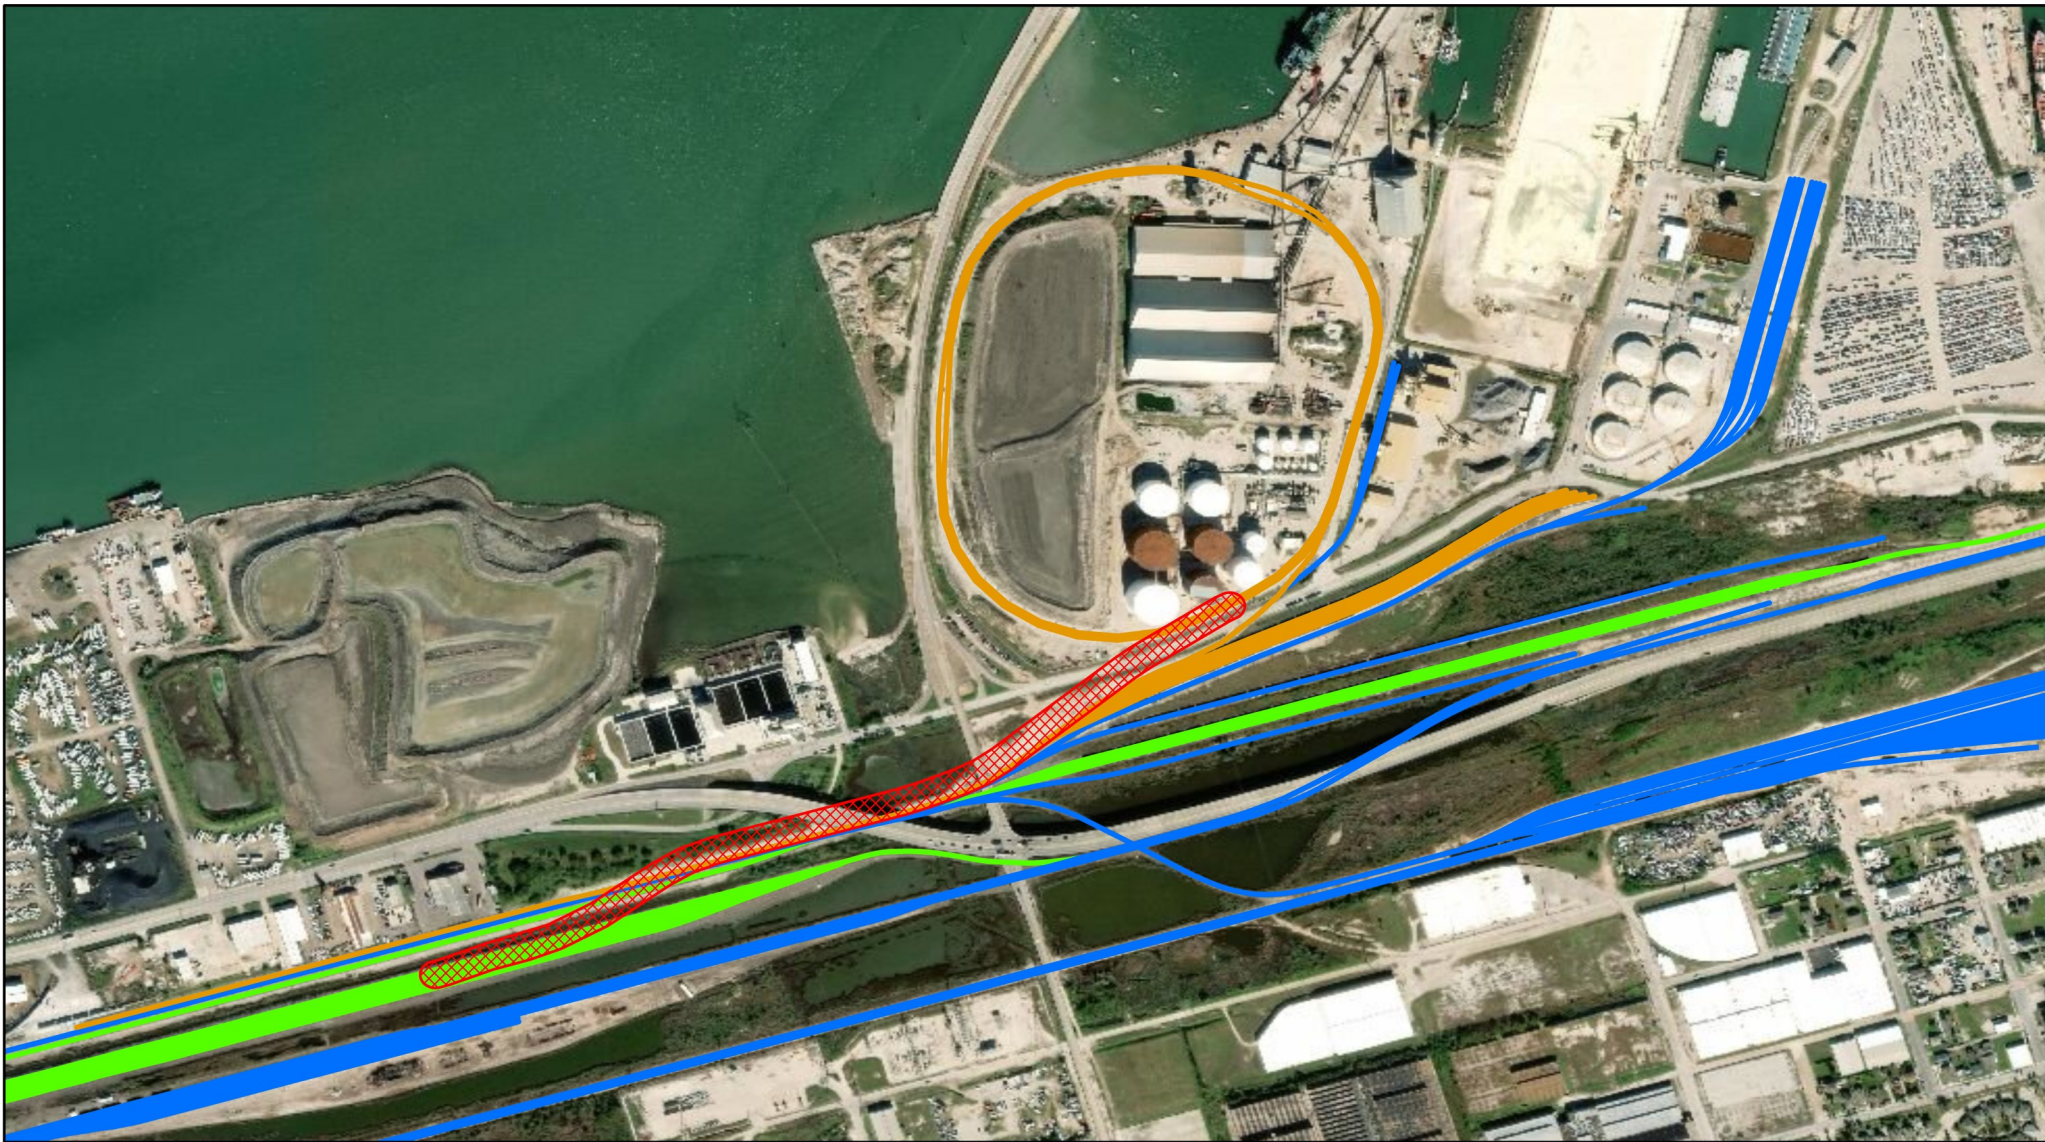

Joshua Wayland
Surface Transportation Board
395 E Street, SW
Washington, DC 20423-0001
Attn: STB Docket No. FD 36186

Please do not hesitate to contact Josh Wayland of my staff at (202) 245-0330 or by email at Joshua.Wayland@stb.gov if you have any questions about this project. We appreciate your assistance and look forward to your participation in the Board's environmental review process for this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Victoria Rutson". The signature is fluid and cursive, with the first name "Victoria" and last name "Rutson" clearly distinguishable.

Victoria Rutson, Director
Office of Environmental Analysis
