Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/29

I feel that our town is not ready for a mass amount of freight trains to be coming through Barrington. Our streets are already congested enough. I feel that this is unjust because these long freight trains block roads to hospitals, grocery stores, homes and Barrington High School. I remember going to school one day, and a freight train passed through the tracks by main street, and almost half the school was at least 10 min. late. This scandal should not be tolerated, because it is jeopardizing our education, our lifestyle and safety. Something must be done!
