Plainfield IL 60586

RE: CN acquisition of E+J Railroad

I oppose the purchase of E+J by
CN so that the board can make
the appropriate decision!

Safety is the main reason. Due to
substantial growth in our community,
it would be an extreme hardship
on our community to have massive
traffic back ups. This would cause
problems with emergency response vehicles,
children trying to hurry to school as well
as possible pollution problems. Back ups
may even cause traffic in neighboring commu-
nities to back up simultaneously!
