Transcript:

I certainly oppose the opposition, the acquisition of the um CN coming into the EJ&E and that is all. Um, and my vote will heavily depend on this and it's just wrong. It's gonna, we have a developing community here that's on the right track and you're, with this happening it's gonna throw us off and my biggest concern is the safety of my children, with many more trains coming through and lowering my property value, they're low enough in this country. Thank you
