Address 2					
City	Barrington	State	IL	Zip	60010

Transcript:

I am very against this. Um, it's gonna ruin the town of Barrington and divide it totally in half. It's 600 feet from our only high school, and there's, Canadian Railroad has such a bad safety record, it's just frightening. Um, we're worried about the congestion of the town and we're very worried about the kids, our, the, our busses travel 800 times a day over the tracks on Lake Cook Road and we can only expect some kind of devastation from the tracks, holding up traffic or casualties, or some kind of terrible accident. So, please don't allow this to happen, um please put people before freight. Thank you
