Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

1) As a long Standing Resident of the Barrington Community we hereby oppose the sale of the EJ&E to The CN Railway.

We are concerned of the Short and long term negative impact on our community.

- We are concerned with Life Safety i.e. Delayed Emergency Services (Police, Fire, Ambulance)

- We are concerned with long Traffic Delays caused by a 10,000 foot train crossing two major interchanges Lake Cook Road & Hough St. At 40 MPH the train will cross at 58.667' Per Second to cross a 200' interchange carrying Petroleum & Chemicals.

It is not a question of IF we will have a major accident but "When" How many families will be destroyed by 1 accident

Finally there are no restrictions from CN to limit the amount of trains nor are there limits to CN continuing their current traffic patterns in the communities they have already destroyed

YOUR INPUT IS IMPORTANT!
