As a concerned citizen of Barrington I have several problems with the proposed acquisition they are listed below:

- **Health care** - being able to access or receive care from Emergency facilities in a timely manner.
- **Congestion** - as related to the above but also to the access to schools. My children attend public schools and utilize the buses that are available to them. How is this going to affect school transportation.
- **Time/Environment** - the increase in train traffic, whistles and idling traffic and how it is going to affect quality of life, air quality.

HDR

My family relocated to the Barrington Area for several reasons. Many of which would be affected by an increase in train traffic. The quietness of a small town community, which prides itself on protecting its environment and its citizens. It seems a shame to jeopardize the quality of life to give the pocket of a large corporation. They need to be held accountable to resolve some of the issues that have been brought to your attention.
