

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 9/10/08

I am in favor of decreasing trains coming through So Holland. I have been caught numerous time and having to wait 15-20 minutes. Some times the train would stop on the tracks for ~~as~~ a time. I would then proceed to go out of my way to 168th back to 162nd. As I proceeded down 162nd St I would often times look down South Park as I crossed over and would see the train still on the tracks. I have also wondered what would happen if I had an emergency to occur now I would be able to get through to the hospital.
