History: This message has been replied to and forwarded.

Cathy,

Thank you for the meeting minutes for the September 9th conference call. The ACHP is appreciative of STB's efforts to include the consulting parties in the coordination and carrying out of the historic property survey work, particularly considering the concerns raised in the previous Tongue River consultation with regard to the adequacy of the identification effort; however we would like to discuss with STB our concern about the fact that Section 106 has not started yet even though the consulting parties are involved in the identification effort that will inform the Section 106 process once it commences. Would STB be available to have a conference call with the ACHP to discuss the timing of Section 106 for this undertaking? Also, I am including the Montana SHPO on this email because it would be good to have the SHPO involved in this discussion as well. This conference call would be among the ACHP, STB and MT SHPO. If STB obliges, I will propose some dates and times that ACHP staff would be available for the conference call.

Thank you,
Najah

Subject: September 9th Conference Call Notes: Tongue River

Hello All,

Attached are the meeting minutes from our call on September 9th. For those of you unable to participate, we had two main points of discussion during the call: 1) a summary of this summer's archaeological and architectural field work; and, 2) ideas on moving forward with the historic review process. During the call, we also determined the need to share information collected by tribes with the other participating tribes. I will be sending out a separate email to tribes requesting potential dates/times for a call to discuss this in more detail.

Please feel free to contact me if you have any questions regarding the notes or any of the items discussed therein. I can be reached at 202-245-0293 or nadalsc@stb.dot.gov.
