Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 9 Sept 08

Comments must be submitted by September 30, 2008.

- Mems that disturb me -
- CN let the tax payers foot the bill (majority) for improving crossings
 - no additional local jobs - will eliminate jobs if jobs are coming from Canada
 - their SAFETY Record - totally unacceptable
 - No real data on increase of traffic for the long haul
 - If this does go thru - at least improve infrastructure before increase in traffic
 - Metra impact from Aurora - Chicago already degraded
 - The N-S route from Joliet to O'Hare maybe negatively impacted

Thanks for listening (smiley face)
