Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

I am against this because many more trains in Barrington will screw up our organization. ~~First~~ First, students have a high chance of being late for school if their bus passes EJ and E railroad. The ~~late~~ lateness of a High School student can effect that student's overall grade and chance to get in to a good college.

Second, This purchase can effect people's health. I have seen a video on YouTube of an ambulance trying to rush to someone dying. The ambulance was stopped for 6 minutes at a train track. Each minute the man's chance of living lowered by 10 percent. I do not want citizens in Barrington to die when they could have been saved. I don't know about you.

Finally, this decision will effect Barrington citizens strongly. It is not our decision to make. Do what you need to, do, but stopping these trains would be the right decision.
