Washington, DC 20423

RE: STB Docket No. FD 34075

Dear Mrs. Johnson-Ball:

The Richfield Area Chamber of Commerce hereby expresses its support for the proposed Central Utah Rail Project.

Like many others, we have followed this project knowing of its potential impact to our business community. We believe our area has suffered economically due to the lack of rail service since 1983.

Several of the businesses in this area have expressed a desire to have rail service in order to expand their business operations. Naturally when a company expands, they are hiring more people and keeping our local economy strong.

We believe that the proposal should move forward without further delay or more study.

Sincerely,

Lorraine Gregerson
Executive Director
