Surface Transportation Board

Please, Please: do not allow
Canadian National to ruin our
wonderful town & neighborhood.

62 years ago we built our home on
Oak St. in Frankfort Ill. 1 block from
the C. & E. railroad tracks. We still
live here. The neighborhood is lovely
desirable real estate & we are proud of
it.

Frankfort has 6 C. & E. crossings. Just
imagine 38 freight trains per day, some
two miles long, traffic delays total
of 5 hrs, 45 min. delay per day, school
bus, fire truck, ambulance or police
delay, also hazardous material !!
These are just a few things Canadian
National would bring to Frankfort

Say No To Canadian National!

Thank you
