ATTN: Dave Navecky -Docket No. FD35952

Surface Transportation Board
Office of Environmental Analysis |
395 E. Street SW
Washington, DC 20423-0001

Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952.

I oppose the project and ask the Surface Transportation Board to deny the proposal.

My transportation concerns are: The closing of township roads impacting rural school bus routes, emergency responders, and slow moving farm equipment using more well traveled roads.

My safety concerns are: the longer response times for police, fire and ambulance vehicles due to railroad crossings and township road closures and the train derailments with toxic chemical spills causing permanent damage to prime farmland.
